- Brief overview of the coming week : see table next page

- Excerpts from the discussion :

Physics ends at noon on Wednesday.

Half an hour beam-beam measurements scheduled on Wed. at 12:30, after Physics has ended. Detectors can continue taking data. STAR, possibly PHENIX too, will take bunch by bunch L for the beam-beam experiment, TBC with S. White.

RF MD, 3 hours, is moved at the end of the Physics run, right after beam-beam and before APEX.

Thursday will be Maintenance day.
